

4. Mulange Hospital - 1

ARI Co-ordinator: Thom SAUZANDE

Mother: Mary EDSON 22 years old.

Baby: Crevas EDSON 3 months old.

Crevas was admitted 3 days ago with severe pneumonia. I have two children. My other child is 3 years old. I live 5 km from the clinic. Crevas is the first one to have pneumonia. At first when he was sick, I didn't know what it was. He didn't seem too bad in the beginning. Just coughing and difficulty breathing. I was worried for his health so, I brought him straight to the hospital. He is now much better.

My husband is a businessman. He is a butcher in Mulange. We live with my in-laws in one house. They are looking after my other child whilst I am here. My husband is very good and caring. He comes to visit us when he can and when his business allows him to.

I am very grateful to the hospital. I will be home tomorrow with Crevas and I am very happy. I am very glad to chat with you and happy that you have come to visit us.
